

A New Opportunity for the Young Women of Annunciation

Mrs. Melanie Madanat is a member of the Annunciation community who recently retired after a 38-year career in the biotechnology industry, where she led teams and mentored many professionals throughout her career.

Melanie has a passion for encouraging and supporting young people and is offering to mentor the high school girls of our parish. As an extension of our GOYA ministry, she hopes to create a welcoming and supportive space where girls can gather regularly to talk about their goals, ask questions about life and future opportunities, explore work and careers, and receive guidance and encouragement. Melanie looks forward to supporting our young women as they grow in confidence and prepare for the future.

The program is planned to begin in October, and we are currently gauging interest.

If your daughter may be interested in participating, or if you have any questions, we'd love to hear from you! Please email goya@annunciationsac.org.
